STATE OF NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION DIVISION OF ENVIRONMENTAL QUALITY JOHN FITCH PLAZA, CN027, TRENTON, N.J. 08625 Solid Waste Administration

GEORGE J. TYLER
DIRECTOR

CERTIFICATE OF APPROVED REGISIRATION AND ENGINEERING DESIGN APPROVAL

Under the provisions of N.J.S.A. 13:JE-1 et Seq. Known as the Solid Waste Management Act, this registration is hereby issued to:

S & L Zeppetelli, Inc.

for the purpose of operating a: Transfer Station

on Lot No.(S)

BLOCK NO. (S) 38

In the Municipality of: Moonachie Borough

in the county of: Bergen

under Facility Registration Number: 0237A

This approval is subject to compliance with all conditions specified herein and all regulations promulgated by the Department of Environmental Protection.

This approval shall not prejudice any claim the State may have to Riparian land, nor does it permit the registrant to fill or alter, or allow to be filled or altered, in any way, lands that are deemed to be Riparian, Wetlands, stream encroachment or flood plains or within the Coastal Area Facility Review Act (CAFRA)zone without first acquiring the necessary grants, permits or approvals from the Department of Environmental Protection.

Certificate of Approved Registration and Engineering Design Approval for S&L Zeppetelli, Inc. Transfer Station, Moonachie Borough, Bergen County, Facility Number 79-02.

This Certificate of Approved Registration and Engineering Design Approval is Conditioned upon the compliance and implementation of the following:

1. Permitted Waste Types

The following waste materials shall be accepted for transfer at this facility.

ID	WASTE	
13	Bulky Waste	

2. Prohibited Waste Types

2.7

The following materials are specifically prohibited for transfer at this facility:

Non-Chemical Industrial Waste

I.D. 10	WASTE (Solids) Municipal (Household, Commercial, and Institutional)
12	Dry Sewage Sludge
17	Dry Hazardous Waste
18	Dry Non-Hazardous Chemical Waste
23	Vegetative Waste
25	Animal and Food Processing Waste
26	Oil Spill Clean-Up Waste
28	Infectious Waste
	WASTE (Liquids)
70	Waste Oil and Sludges
72	Bulk Liquid and Semi-Liquids
73	Septic Tank, Clean-Out Waste
74	Liquid Sewage Sludge
76	Liquid Hazardous Waste
77	Liquid Chemical Waste

3. Retention Time

No waste material shall be allowed to stay at this facility for more than twenty-four (24) hours.

4. Final Disposal

The outgoing wastes generated by this facility (after recovering usable materials) shall be deposited in any solid waste facility provided that such facility has approval from the Department to accept.

those wastes delineated in Condition #1. Records shall be maintained and be available to this Administration as to the final disposal of the wastes.

5. Disposal of Wash Water

Wash water from the floors and from washing the equipment shall be drained into the approved sanitary sewer connection.

6. Fire Safety

An adequate water supply and/or fire fighting equipment shall be readily available on-site or on call to extinguish any and all fires. Fire fighting procedures shall be posted.

7. Litter Control

All litter associated with this facility shall be removed on a daily basis.

8. Odor Control

In the event natural ventilation is not effective in preventing odor associated with solid waste, a non-toxic deodorant or equivalent means as approved by this Administration shall be employed.

9. Noise Control

Noise control shall be implemented so that noise levels generated by the transfer station operation shall not exceed the standards set forth by the New Jersey Noise Control Regulations under N.J.A.C. 7:29-1.2.

10. Traffic Control

In case traffic generated by the operation of this facility reveals any significant problem at a later date, then appropriate affirmative measures shall be developed and implemented to alleviate the situation.

11. Plans On-Site

One complete set of the referenced engineering plans, and. these Approval conditions shall be kept in the on-site transfer station office and shall be available for inspection by Department personnel and its designated representatives.

12. Engineering Plans

The construction and operation of this facility shall be conducted in accordance with the provisions of N.J.A.C. 7:26-1 et seq., the conditions of this Approval, and the engineering designs prepared by Richard F. Harries, P.E., dated March 5, 1979. In case of conflict, the conditions of this Certificate shall supersede those of the engineering plan.

Failure to comply with any or all limitations heretofore mentioned will result in the Department seeking relief under N.J.S.A. 13:IE-1 et seq., the Solid Waste Management Act. Specifically, failure to so comply may be considered a violation of N.J.S.A. 13:IE-12.

This Certificate of Approved Registration and Engineering Design Approval is not valid until the original is signed by the applicant, signifying acceptance of all terms and conditions, and is returned to the Solid Waste Administration for final processing.

State of New Jersey, County of Bergen Sworn and subscribed before me this 4th day of October 1979.
